

CRITERION™

DEHYDRATED CULTURE MEDIA

2007 - 2008

We are committed to producing and distributing the finest products for the detection of microorganisms, as we partner with our laboratory customers to prevent and diagnose disease.

CRITERION™, Hardy Diagnostic's dehydrated culture media, is formulated to meet or exceed only the highest quality standards. Choose from 200 standard formulas or request custom blending to your specifications. The innovative packaging designs and overall reliability make **CRITERION™** the logical choice for the culture media in your laboratory.

FEATURES & BENEFITS

CONVENIENCE

Packaged in four standard sizes to fit your needs: 2 liter mylar bag (pre-measured to make 2 liters of culture media), 500gm bottle, and 2kg and 10kg buckets with locking screw top lids. Bottles and buckets are stackable for efficient storage.

WIDE MOUTH OPENING

Reduces dust formation. No more shaking the bottle to dispense the media. The extra wide opening allows you to use a scoop to measure the powder.

HAND GRIP DESIGN

Convenient hand-grip design features finger indentations to allow for easy and safe handling of the bottle.

TECHNICAL INSTRUCTIONS

Available on CD-ROM for all **CRITERION™** formulas as well as our other microbiology products.

UNPARALLELED PERFORMANCE

Every formulation and lot is tested for optimal growth characteristics.

BSE FREE SOURCES

All bovine components used in **CRITERION™** formulations are sourced from countries the USDA has certified as free from BSE (Bovine Spongiform Encephalopathy).

LARGE LOTS AVAILABLE

Save money and reduce QC time by calling ahead and sequestering large lots of material. Bulk packaging is also available.

COMPETITIVE PRICING

Call for a quote! You'll be amazed at how much Hardy can save for you. Contact us for more information!

Sheep Blood

Our sheep blood comes from controlled herds of sheep that are kept antibiotic and disease free. The sheep are kept for the sole purpose of providing high quality blood for your media. Hardy Diagnostics does not use slaughterhouse blood, where there is always the risk of spontaneous hemolysis and unwanted antibiotics or contaminants. The sheep are humanely bled on a veterinary supervised program for weekly shipments to ensure the freshest possible blood is delivered to your lab.

Sheep Blood, Defibrinated, 15ml, with screw cap	SB15
Sheep Blood, Alsevers Preservative, 30ml, with screw cap (Also available in 15ml, 60ml, and 250ml)	1010003003
Sheep Blood, Defibrinated, 30ml, with screw cap	SB30
Sheep Blood, Defibrinated, 50ml, with screw cap	SB50
Sheep Blood, Defibrinated, 60ml, with screw cap	SB60
Sheep Blood, Defibrinated, 100ml serum vial, with aluminum crimp cap	SB100S
Sheep Blood, Defibrinated, 100ml, with screw cap	SB100
Sheep Blood, Defibrinated, 200ml, with screw cap	SB200
Sheep Blood, Defibrinated, 500ml, with screw cap	SB500
Sheep Blood, Defibrinated, 500ml, with serum cap	SB500S
Sheep Blood, Defibrinated, 1000ml bag	1001100016
